**SCS Interactive's Attraction Debuts at Idaho's Silver Mountain Ski Resort
*Idaho's Silver Mountain Resort Expands by Adding an Indoor Waterpark***

Denver, Colo. (June 2, 2008) SCS Interactive collaborated with Silver Mountain Resort to install a customized waterplay attraction in the Resort's new indoor waterpark, Silver Rapids. Silver Rapids opened its doors on Memorial Day weekend and the SCS structure called *The Water Mine at Minor's Island* is a central attraction, catching the eyes and interest of all those who enter the waterpark.

Silver Rapids Waterpark at Silver Mountain resides in Kellogg, Idaho and is the first waterpark of its kind at a ski area in the region. With the opening of the waterpark over Memorial Day weekend, Silver Mountain Resort now offers the unique experience of skiing and surfing in the same visit. SCS is delighted to be part of this new concept and development.

The SCS customized Model 550, called *The Water Mine at Minor's Island*, is a creatively themed structure, focusing on the mining history of the region. The structure accommodates close to 165 people at any given time. The 31 foot tall tipping bucket dumps onto Minor's Island and then flows into the lazy river which weaves its way around the structure to create an island. Also on the island is the themed Water Tower which stands close to 32 feet tall and douses the people below about every 7 minutes with 845 gallons of water.

"The SCS product exceeds our expectations and the Silver Rapids Waterpark will likely do the same for resort guests visiting Silver Mountain. After a lengthy construction period, it is worth every day of hard work that went into the completion of this amazing facility," stated Karey Scholey, director of real estate development for the Silver Mountain Corporation.

Guests are able to explore more than 10 climbable decks and soak other guests with the 40 different interactives; such as hydro blasters, sprayers and buckets, as they make their way

around the waterplay structure. The structure also has two body flume water slides. This attraction features approximately 3730 square feet of soaking fun, interaction and adventure.

SCS Interactive partnered with ProSlide Technology Inc. of Ottawa, Ontario, Canada and Aquatic Development Group Inc. of Cohoes, NY on this exciting installation.

About SCS Interactive

SCS Interactive has been the source of great waterparks since 1986. SCS has revolutionized the waterplay industry as the originator of the multi-level interactive tree house concept, the creator of the giant tipping bucket seen at amusement parks around the world, and the developer of the world's first wet and dry water coaster known as SplashTrack™. Some of the biggest resorts, amusement and waterparks all over the globe showcase SCS Interactive structures as signature attractions. Additional information about SCS Interactive can be found on the website at www.scsinteractive.com.

About Silver Rapids

Silver Mountain has built a reputation as one of the most accessible four-season destination resorts in the nation. The resort is located just off I-90, in the panhandle of northern Idaho in Kellogg, Idaho.

The Silver Rapids Indoor Waterpark is the most recent addition to Silver Mountain's Gondola Village. The newly opened waterpark adds yet another attractive element to the mountains, rivers and seasons that define this four-season playground. The waterpark is as large as a football field and offers guests the FlowRider™ Surf Wave attraction, seven waterslides as well as a river float, a family raft slide, a kid's activity lagoon and even an island fort. For more information about the Silver Mountain Resort or the Silver Rapids Waterpark please visit the website at <http://www.silvermt.com/>.
